

BRUSH BLAZE LEVELS BARN OF W. M. LOTT

Fire, caused by sparks from a burning brush pile, shortly before noon today completely destroyed a barn on one of William M. Lott's farms midway between York Springs and Idaville and threatened the house in which Mr. and Mrs. Max Lott and their two small sons live.

The farm adjoins the Bonnie Brae home orchard farm at Gardners R. 1.

An estimate of the loss was not available at press time but the structure was filled with picking ladders, crates and bulk bin boxes and other orchard equipment, stored for the season only a week ago. An automobile owned by Mac Lott, and parked in the wagon shed area, was saved but the heat from the blaze prevented workmen from approaching the building to retrieve any of the contents from the barn floor.

Firemen from York Springs, Bendersville and Biglerville were called at about 11:30 o'clock and concentrated on saving the frame house which is less than 100 feet from the barn. The barn was burned to the ground within 40 minutes, firemen reported.

A crew of orchard workmen were burning brush several hundred yards from the barn and were not aware that sparks had started what appeared to be "fire in one of the trees" in the direction of the barn, which is located within a few feet of the main highway. The barn measured approximately 40 feet by 80 feet. There were no other buildings close by except the house.

Firemen remained at the scene at press time.

TO DEDICATE GIFTS SUNDAY

A new set of brass altar vases and four new service books and hymnals will be dedicated Sunday morning at the 10:30 o'clock service in Zion Lutheran Church, Fairfield, by the pastor, the Rev. Otto Kroeger.

The remaining pieces of altarware have been refinished and these will be rededicated and the quarterly thank offering of the Lutheran Church Women of the congregation will be received at this special service. The Senior Choir, under the direction of M. Helen McClellan, will present the anthem "Love Failed Never," accompanied at the organ by Mabel G. Bream. The pastor will preach the morning meditation.

Three of the hymnals will be presented by Mrs. Lloyd Sites Sr. and the fourth one, a special edition for chancel use, is in memory of Mrs. Rowan McClellan by her husband, Rowan S. McClellan. A memorial gift book for the recording of all congregational gifts and memorials is placed in memory of Lottie B. Reck and Mabel V. Carson by their sisters, Hazel E. and Myrtle E. Carson. The altar vases are presented in memory of C. L. Sheads by his wife, Mrs. C. L. Sheads.

The thank offering of the LCW is collected quarterly and this entire offering is sent to the headquarters of the Lutheran Church Women for specific work in the promotion of foreign missions. The public is invited.

IN FEDERAL COURT

Chief of Police Jack Bartlett was a witness Wednesday at Harrisburg in a federal court suit brought by Gerald Ford, Mifflin, Pa., against Coastal Leasing Co. of North Carolina. Ford is seeking damages for injuries he suffered in Gettysburg July 19, 1960. He alleges he was walking across a street here when a board sticking out from a truckload of steel girders struck him.

DENIES DELAY

The President's intimation that this and other bills were being delayed in a slowdown to prevent action on civil rights also was denied by Byrd. The senator made it clear, however, he doesn't expect the measure to be ready for Senate action this year.

UNPRECEDENTED REQUEST

A. I regard it as a very dangerous gamble with our solvency. Never before in the history of our country has any President advocated a planned deficit in order to reduce taxes. I feel that it is very untimely because we've already got a deficit this year of \$9 billion. A tax cut of \$11 billion will be added to the public debt.

CONGRESSMAN SUV BANQUET SPEAKER HERE

The annual thank offering service, sponsored by the Women's Society of World Service of Memorial Evangelical United Brethren Church, will be held during the morning worship hour on Sunday at 10:35 a.m. Similar services will be conducted by churches throughout the denomination during November.

Speaker for the service will be Mrs. Calvin B. Haverstock Jr., wife of the pastor of the Memorial EUB Church, Silver Spring, Md. Mrs. Haverstock is now serving in her fifth year as secretary of Missionary Education for Youth of Pennsylvania Branch, Women's Society of World Service, of the EUB Church. She is also a member of the standing committee on Missionary Education for Youth of the International Women's Council for the quadrennium 1963-67.

The offering received from the thank offering boxes, which the women of the WWS will have used during the past year, will be divided equally, one-half to go to the Division of Home Missions and Church Extension and the other half to the Division of World Mission. The money will help provide missionaries, scholarships, medicines, children's youth and adult work, library books and supplies and many other uses. The congregation will be given an opportunity to contribute to the thank offering following the dedication of the offering received from the WWS members.

Their massed flags will be a part of the candlelight procession which is a part of the commemoration. Benediction of the Blessed Sacrament will also be held in the cemetery as a conclusion to the religious ceremonies.

All participants in the Living Rosary and those who will serve as ushers are asked to meet in the Green Room of the National Museum at 5:30 p.m. Color guards will also assemble here. Visiting priests will vest in the office and sitting room adjacent to the museum. All Sisters will meet in the Civil War Relic Room of the museum. The public will assemble in the parking lots.

ANNOUNCE PROGRAM

Official guests will be ushered directly to their places in the National Cemetery. Ushers will be a committee headed by Mrs. Richard Cashen, McSherrystown, and Senior Girl Scouts of Gettysburg. Candles will be furnished for the participants in the Living Rosary. All others may secure candles for the procession on the porch of the museum for a nominal fee.

The procession will be led by the crossbearer to be followed by the board of directors of the Harrisburg Diocesan Council of Catholic Women, deanery council women and their families and the public, the Sisters, the massed flags, the living rosary and the clergy.

The program will begin with the singing of the national anthem. The rosary will follow immediately and will be followed by benediction to include the hymns "O Salutaris" and "Tantum Ergo." JFK BEGINS 5-DAY TOUR IRKS POLICE

By FRANK CORMIER
Associated Press Staff Writer
NEW YORK (AP)—President Kennedy has begun a five-day East Coast tour by irritating the New York Police Department—for obeying traffic signals.

By tonight, however, Kennedy will be relaxing at the family's winter home in Palm Beach, Fla., where policemen are used to a president wheeling around town without fans.

In New York, Kennedy decided he could do without a 35-motorcycle escort, with its sirens and flashing red lights.

OBSEVED STOPLIGHT

Press secretary Pierre Salinger said the President decided to avoid disrupting New York traffic and to act "like an ordinary motorist, stopping at stop lights."

The decision collided with the conviction of New York police that they know best how to protect the President in their city.

Kennedy emerged unscathed from his spin through the city from La Guardia Airport. He even expressed delight at the drive—though his limousine had to stop for 10 red lights.

He vowed to continue the practice while remaining in the city, where he spoke today to the AFL-CIO convention.

FEAR FOR SAFETY

Police Commissioner Michael J. Murphy asked for his reaction to the President's decision, had only a curt "No comment."

But another police official lamented that Kennedy was exposed to "unnecessary risks" by driving blithely into a situation where police had "no real control."

The Secret Service, charged by law with protecting the person of the President, would say nothing. The service can overrule even the President where his personal security is involved.

FULTON FARM GROUP ON TOUR

Thirty Fulton County farmers, accompanied by their county agent, H. P. Kies, visited Adams County Thursday to look over some of the county's "TVA Farms" preparatory to starting a program in that county.

Adams County Agent Thomas Piper conducted the group on the tour which began with lunch at the Varsity Diner here. They went first to the farm of Charles Klinger, New Oxford R. D., and after that concluded their visit at the farm of Glenn Sterner, Gettysburg R. D.

Both of the county farms were among those for a five-year period ending two years ago took part in an experimental program in conjunction with the Tennessee Valley Authority in the use of fertilizer. Similar programs are scheduled now to be set up in Fulton County.

At the two farms here the visitors saw various practices carried out by the farmers in connection with the fertilization program and heard from the farmers how they have continued with the features shown required by the experimental period. Both county farmers impressed on the visitors that the best results are obtained by making general changes in farming practice along with the fertilization program.

REPORT, DENY MILLS TO GET HI COURT POST

By EDMOND LEBRETON
Associated Press Staff Writer

WASHINGTON (AP)—Rumors are flying again that Rep. Wilbur Mills is slated for an appointment to the Supreme Court—but denials are close behind.

Original reports were that the Arkansas Democrat would receive Justice's robes out of President Kennedy's gratitude for Mills' pushing a tax reduction bill through his House Ways and Means Committee.

The new rumors have a different twist—keen to Mills' opposition to another of Kennedy's pet plans, medical care for the aged through Social Security.

BILL MAY PASS

Asked about the outlook for the legislation, Kennedy triggered the reports by telling his news conference Thursday:

"I think we are going to get that bill out of committee, not this year but next year . . . I think it will pass."

The Kennedy medical care bill and its predecessors have been stuck in the Ways and Means Committee for years. If anyone holds the key to committee action, it is Mills.

The latest unofficial count showed the committee divided at least 13-12, more likely 14-11, against the administration plan.

There have been rumors that Justices William O. Douglas or Hugo L. Black may retire.

KING IN LINE

If Mills were to leave Congress for the high bench, medical care's prospects might be dramatically changed.

The House seniority system automatically would elevate Rep. Cecil R. King, D-Calif., to the Ways and Means chairmanship. King is the House sponsor of the administration medical care legislation.

Mills turns away with a joke questions about the Supreme Court possibility.

Congressional sources who discount Mills' going to the court say Kennedy must be counting on winning over some Republican members by a strong bipartisan appeal on the health care issue.

This is the most important financial bill that's ever come before the Finance Committee because of the new policy of borrowing money to lower taxes and increasing expenditures at the same time.

Q. Has it ever been tried before in this country.

A. It has never been tried before and no president has ever recommended it.

Q. The President said the economy will suffer if the tax bill isn't passed quickly.

A. When the President started this idea of a tax reduction on borrowed money, he predicted a recession if his bill wasn't enacted quickly. It hasn't occurred. Today we're enjoying unusual prosperity.

"IF WORDS COULD TELL"

If words could only tell you . . . what lingers in my heart . . . then you would know the feelings . . . I'm yearning to impart . . . with flowery phrases I endeavor . . . to extol your worth . . . comparing you with heaven and . . . the wonders of the earth . . . yet, somehow, what I write or say . . . just skims the surface floor . . . of the one I cherish . . . the sweetheart I adore . . . but something way down deep inside . . . tells me to try again . . . so it is I write these lines . . . with my heart for a pen . . . ever hopeful I can say . . . how much you really mean . . . the world is mine when you are near . . . to beautify life's scene.

year. The young musicians played five selections.

Dr. Elstad, who is president of the only college for the deaf in the world, entertained his audience with an assortment of humorous stories, spoke seriously about the importance of understanding, enthusiasm, cooperation and reverence in school and community life and then talked about the college he heads.

Gallaudet was chartered 100 years ago by Abraham Lincoln, he said, and its 650 students come from every state but Alaska and from nine foreign countries. The liberal arts school prepares deaf students to do everything hearing people can do. The fully accredited college has 22 departments, four of them headed by deaf persons with 35 deaf among its faculty of 110. He described the teaching of the deaf and concluded by talking orally and in the sign language of the deaf.

SCHOOL FINANCES

At the afternoon session at Keefauver School, five members of the staff of the public schools and the Rev. Fr. Joseph Kealy talked.

As presiding officer, Supt. Riegel noted that the BIE Day observance coincides with National Education Week and spoke specially of graphs he had given the guests showing the sources of income and the way more than a million and a half dollars are spent annually in the Gettysburg Joint School District.

Noting that the average cost per pupil here is \$417.51 per year, he said the national average is \$432. He itemized school spending this way: Administration, \$36,568; instruction, \$93,603; health services, \$22,250; transportation, \$103,495; operation of plant, \$95,700; fixed charges, \$77,190; community services, \$22,525; debt service, \$14,960, and budgetary reserve, \$14,600. The graph showed 57.2 per cent of all spending for instruction with teachers' pay as the chief item there.

Resentment cut off the useful life of Alexander Hamilton and made of Benedict Arnold — a traitor! Resentment bores within the heart and decays the spirit.

Many an otherwise happy home has been wrecked upon the rock of resentment, for one reason or another. The criminal courts of all lands are filled with illustrations of cases where resentment has played the major part in human disaster.

Generous, unselfish, noble natures, know no resentment. It is not a part of their plan nor creed. What would have been the story of Abraham Lincoln had he resented his humble origin or his early poverty? As he grew in knowledge, experience, and fame, he didn't even resent his critics or enemies!

Our life upon this earth is too valuable for resentment of any kind. There is so much to do, so much to learn — so little time in which to live and work it all out.

Today's Talk

RESENTMENT

Upon every hand we meet with those who have some secret resentment that is ever being nurtured within their hearts. They resent the success or happiness of someone, whom they think is less deserving than they are. They resent the just recognition that comes to others from work and long effort to excel, or they may resent being born poor — or resent the fact that they were even born!

There are those who resent the fact that opportunity has given them no break, whereas opportunity really weeps at their very door!

There are those, also, who resent the popularity of others, themselves neglecting every chance to make others their close friends, thus gaining the popularity they crave.

Strive to excel, strive to achieve, where others have failed, and you will find no space within your mind to lodge resentment. Resentment is the child of selfishness, foolish envy, and inactivity.

Resentment cut off the useful life of Alexander Hamilton and made of Benedict Arnold — a traitor! Resentment bores within the heart and decays the spirit.

LABOR

I watch men swinging girders on a bony structure tall,
I watch the busy masons laying bricks along the wall,
I see great columns rising and then comes the thought to me: It's the workers of the nation that have brought this thing to be.

By the miracles of labor grow the cities that we boast.

Some human hand has fashioned every beam, and joist, and post,

Man has changed the field and forest and the coast lines of the sea

And this world, without his toiling, still a wilderness would be.

Not from instinct grew great structures or the animals would build,

All our temples and our churches are the work of toilers skilled,

Every home and hut and palace, every ancient dome and new

Are but symbols of man's progress and the tasks which he can do.

Search the paths of selfish idlers some such monuments to find.

Nothing stands to mark his journey, by a loafer left behind.

All the comforts we now boast of; all the beauty that's displayed

Mark the miracles of labor and the majesty of trade.

CHURCH MARKS ANNIVERSARY

The Taneytown Presbyterian Church is observing the 135th anniversary of the founding of the congregation. The congregation first began to take form in 1820 but not until 1828 was an organization effected. At that time, the Presbyterians and the German Reformed Church formed a union church, constructing together an edifice which was jointly used until 1883 when the Presbyterians built their own church. This is also the 80th anniversary of the building of the present sanctuary on York St.

A congregational covered dish supper was held Thursday night at which time a brief history of the congregation was presented by Miss Elizabeth Annan. Music was rendered by Ronnie Hess, Johnnie Brauning and Colin Hird.

An anniversary worship service will be held on Sunday at 10:30 a.m. The choir will sing "Oh, Worship the King" by Lohr and "Oh, Sing to the Lord" by Wilson. The Emmitsburg Presbyterian Church, which is coupled with Taneytown in a dual charge, will worship with the Taneytown congregation.

The guest preacher will be Rev. Fred M. Webber, general presbytery of the Presbytery of Baltimore of which the Taneytown congregation is a member. The sermon theme will be "Why Is the Church?"

All friends and former members are invited to attend the services.

Rev. William M. Hendricks is the pastor.

Unbeaten Wittenberg Will Have Edge Over G-burg On Free Sub Rule Observance

With eight games and last week's open date under their belts, the Bullets of Gettysburg College will make their final football road trip of the season in meeting small college power Wittenberg University in Springfield, Ohio, Saturday at 2 p.m.

The Bullet squad left by bus Thursday afternoon at 4:15 o'clock and were quartered overnight at a motel near Akron, O. They were due to arrive at Springfield about noon today. Immediately following Saturday's game they will return here.

Coach Gene Haas' squad will enter the game with a 5-3 record, winning the last four ball games. Wittenberg has rolled over seven opponents and tied Otterbein 28-28 for a near perfect record.

With the exception of an emergency appendectomy on defensive ace Al Hallam, Gettysburg will be in good shape as a result of the open date. Haas will go with either Vance Johnston, Bigerville, or Jim Ward, sophomore from Gaithersburg, Md., at quarterback. Dale Boyd, Pennsville, N. J., and Phil Parsons, Cherry Hill, N.J., will handle the half-back chores, and Rick Taylor, Camp Hill, will be stationed at fullback. Up front the Bullets will have Barry Gruber, Hershey, at ends; Irv Strohecker, Trevorton, and Pat Noonan, Washington, D. C. tackles; Ron Brentzel, Irwin, and Roger Casciani, York, guard, and John Hiltz, Quaker-town, center.

TIGERS STRONG PASSERS

Gettysburg is primarily a passing team, but the Bullets won't be the only squad on the field throwing. Wittenberg is rated among the top 10 in the nation in passing via its quarterback Charlie Green and end Bob Cherry. Green leads the Ohio Conference in passing and total offense. He has completed 105 of 166 aerials for 1,967 yards and 17 touchdowns. Cherry, who also leads the conference in pass receiving, has caught 43 tosses for 794 yards and 12 TDs. His 72 points tops the squad and league. Ron Duncan is running second in the receiving department with 29 catches for 566 yards and three touchdowns.

Larry Skeldon and John Barsala are the Tiger's top rushers while Jack Morefield is running a close third. Wittenberg plays under the unlimited substitution rule consequently sending in fresh forces every time the ball changes hands. This is the major problem confronting Haas. Gettysburg will have but 27 men dressed for the game. The Tigers' top defensive players are left tackle Al Capuano, left and Jim Worden, and center linebacker Steve Heinzen.

Coach Bill Edwars, who clinched his third straight Ohio Conference championship with a 34-13 win over Akron last week, will start an all veteran offensive unit against the Bullets. Green, a 6', 155-pound junior, will handle the quarterback slot with Barsala, 5'10", 185, at fullback. Jack Morefield, Dayton, Ohio, and Larry Skeldon, Toledo, Ohio, will man the halfback slots. The forward wall will consist of ends Bob Cherry, 6'4", 185, and Ron Duncan, 6'5", 214; tackles Jim Smith, 6'2", 200, and Carl Strack, 5'11", 202; guards Al Ross, 5'6", 180, and Fred Musone, 5'10", 212; and center Jim Berresford, 5'10", 193.

Saturday's game will mark the final in the short two-game series between the two schools. Wittenberg carried off a 27-6 verdict a year ago in Gettysburg in a driving snow storm and there are 29 lettermen back from that squad.

MUDY RUEL OF BASEBALL FAME IS DEAD

PALO ALTO, Calif. (AP) — Muddy Ruel, a pint-sized catcher who helped Washington win its only baseball world championship, will be buried Monday.

Ruel, named Herold by his parents but called Muddy through his varied baseball career, died of heart attack at his home Wednesday night.

LAW SCHOOL GRAD

He was a graduate of Washington University law school and served for a time as special assistant to one-time Baseball Commissioner A. B. (Happy) Chandler.

Muddy, 5-8 and 150 pounds, broke in with the Browns in 1926 and wound up at Washington after stops in New York and Boston.

Ruel batted more than .300 four times, reaching .316 in 1923. He had a lifetime average of .276 in 1,469 games.

PICK SAN DIEGO TO DEFEAT HOT BUFFALO BILLS

By TED MEIER
Associated Press Sports Writer
Back on Sept. 28 the Buffalo Bills had a dismal 0-3-1 record in the American Football League.

Coach Lou Saban tried some psychology. He posted a sign on the bulletin board in the dressing room: "We're not in last place. We're just 2 1/2 games out of first place."

It worked. The Bills now are the hottest team in the AFL with three straight victories and five in their last six outings to become a prime contender for the Eastern Division championship.

EXPECT 35,000

On Sunday they entertain the San Diego Chargers, leaders in the Western Division, in the top AFL game of the week. A turnout of 35,000 is expected at Buffalo's War Memorial Stadium for this second clash of the season between the Chargers and the Bills.

Kansas City is at Buffalo and New York at Denver in Sunday's other AFL games. Houston and Oakland have an open date.

The Green Bay Packers invade Chicago to battle the Bears for first place in the Western Conference in the headline game in the National Football League. In Sunday's other NFL games St. Louis is at Cleveland, San Francisco at New York, Pittsburgh at Washington, Baltimore at Minnesota, Los Angeles at Philadelphia, and Dallas at Washington (2-7).

Plan Funeral For Oscar Melillo

CHICAGO (AP) — Funeral services for Oscar Melillo, former American League second baseman and 1938 coach of the St. Louis Browns, will be conducted Saturday in Holy Sepulchre Cemetery, Chicago.

Melillo died at his Chicago home Thursday at the age of 63.

The stubby Melillo broke into the majors with the Browns in 1926 and his best season came in 1931 when he batted .306. He was traded to the Boston Red Sox in 1935 and three years later rejoined the Browns as skipper.

After a seventh-place finish in 1938, Melillo left the Browns and became coach of the Cleveland Indians.

PACKERS AND BEARS FACE BIG BATTLE

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP) — Experts disagree on what will happen when the Green Bay Packers collide in Chicago Sunday with the Bears to break their tie for the Western Division lead of the National Football League.

Some think it will be a chugging, defensive battle, following much the same pattern of the teams' earlier meeting in Green Bay. In handing the Packers their only league loss, 10-3, the Bears stole four passes and held Green Bay to a total of 156 yards running and passing.

Other experts look for a load of scoring, even to the extent of both teams trying for those long touchdown bombs that they mainly have kept locked up in their arsenals so far.

STARR TO PLAY

Lineups have been set by both teams, now that quarterback Bart Starr and end Ron Kramer have been certified healthy by the Packers. The Bears continue to list Ronnie Bull as starting left half, although he has done little hard running in drills because of a bruised foot.

Although Starr has the splints off a broken hand that has sidelined him for three games, Coach Vince Lombardi says he will start John Roach.

"Roach can throw the long one beautifully," says Lombardi, stirring speculation of unleashing the bomb-type pass.

MAY BREAK EAST TIE

In eight victories and a startling upset loss to San Francisco, the Bears have scored only 24 touchdowns. They have permitted opponents but 10.

With their defense getting the rave notices these days, the Bear offense may be ready to burst out of hiding. The longest Bear runs from scrimmage this season have been 30 yards by Rick Casares and 20 by Willie Galimore.

The Eastern Division lead, tied between Cleveland and New York with 7-2 records, may be untangled Sunday. St. Louis (6-1) is at Cleveland and San Francisco (2-7) at New York. Rounding out the schedule Baltimore (4-5) is at Minnesota (3-6), Los Angeles (2-7) at Detroit (4-5), Philadelphia (2-6) at Dallas (2-7) and Pittsburgh (5-1) at Washington (2-7).

BAYLOR AND WEST LEAD LAKERS TO WIN

By GORDON BEARD
Associated Press Sports Writer

BALTIMORE (AP) — Jerry West and Elgin Baylor demonstrated Thursday night why they are regarded as indispensable by the Los Angeles Lakers ... and won't be traded to the Baltimore Bullets.

Boston, with a 5-5 record, is expected to stay in the running for the Eastern crown with a victory over the Kansas City Chiefs who are having troubles with five straight defeats. This is the first 1963 meeting between the clubs.

The New York Jets, by no means out of contention in the East with a 3-5 mark, hope to get back on the winning track against the Broncos in Denver.

Blue Mountain To Meet Wednesday

The fall meeting of the Blue Mountain Conference is scheduled for next Wednesday evening at the Dutch Pantry, Camp Hill.

The football coaches of the league will meet at 5:30 to select a 1963 All-Star League squad. The dinner will follow at 6:30. Following the dinner other matters pertaining to basketball and scheduling will be discussed.

ED STUCKRATH IS KEY TO PSU GRID SUCCESS

UNIVERSITY PARK, Pa. (AP) — Ed Stuckrath may be a monster to the opposition, but he's a hero to Rip Engle.

It's all part of Stuckrath's role as a roving linebacker with Penn State's Nittany Lions.

Most teams refer to the position as the "monster."

Not Engle though. Rip has a special aversion to calling someone a "monster." So, this summer he and his staff coined the name "hero."

OFFENSIVE STANDOUT

"Monster" or "hero," there's no doubt about Stuckrath's value. "Alert, intelligent, dedicated, strong," are the words used by Engle in praising his rugged defenseman.

Stuckrath, a 195-pound junior, plays the linebacker slot like it was made for him. He can shoot the gap, or drop back to protect the flat in an instant. But you can be sure, wherever he is, the ball will be close by.

Ed also has emerged into an offensive standout. Pressed into service as a fullback when injuries took their toll of regulars, Stuckrath became the second leading ground gainer on the team with 76 yards in 55 carries.

BIG ON DEFENSE

He and Junior Powell are averaging five yards or more a carry.

But it's Stuckrath's defense that draws most of the raves. "Ed is a big reason why we have one of the best defensive teams we've ever had at Penn State," Engle commented.

Statistically, Stuckrath ranks among the leaders in the tackle department and has two pass interceptions to his credit. Even with a 6-2 record, Penn State's defense has sparkled, keeping the Lions in the game many times when their offense bogged down.

Stuckrath came to Penn State in 1960 as a halfback from Baltimore Poly Tech.

BUTLER HIGH PICKED TO WIN WPIAL CROWN

HARRISBURG (AP) — Butler battles West Mifflin North tonight for the granddaddy of them all, the 1963 WPIAL-Class AA football championships.

After looking at the records, comparing the player personnel, going over team performances and talking to the coaches, we had to go eeny, meeny, miny, moe.

Our pick, Butler, winning its first title since 1950.

OTHER CHOICES

Other selections by the same route as above:

Freeport over Monett — for the WPIAL-Class A champion-ship.

WEIER AND CAUM TOO

Joining Liske and Powell in their last home appearances are fullback West Mifflin over Monett and ends Don Caum of Harrisburg, and Dick Anderson of East Paterson, N.J., tackles Harrison Rosdahl of Ridgefield Park, N.J., and Terry Monaghan of Philadelphia, guard Bernie Sabol of Shamokin and center Jim Wilhams of State College.

Rosdahl and Monaghan however will observe the occasion on the sidelines. Both are on the injury list and may miss the rest of the season leaving Rip Engle's injury riddled front line without a first unit tackle.

It will be the ninth meeting between the two schools with the Crusaders trying to hold the stranglehold that has given them an all-time low, 161-67-5 — 706.

Trusting exclusively to the flip of a coin:

Columbia over Penn — Tails. Archie Roberts passes the Quakers into submission.

VILLANOVA OVER QUANTICO HEADS

Villanova over Quantico — Heads. Villanova improving.

PENN STATE OVER HOLY CROSS HEADS. SHOULD BE EASY.

Pitt over Army — Tails. The Panthers headed for a New Year's Day bowl.

SUNBURY OVER BLOOMSBURG — TAILS.

The Bisons remember Lafayette.

DELAWARE OVER RUTGERS — WHO NEEDS A COIN?

BULLETS DOOMED

Temple over Susquehanna — If the Owls don't underate the Crusaders.

ALLEGHENY OVER THIEL — LITTLE DAVE WION SCORES TWICE.

West Chester over Slippery Rock — The Rams ought to find another league; they've outgrown this one.

SKIPPING OVER THE CHALK LINES:

Millersville over Delaware Valley, Wittenberg over Gettysburg, Lafayette over Tufts, Dickinson over John Hopkins, Muhlenberg over F. & M., Wilkes over Haverford, Lebanon Valley over Ursinus, PMC over Swarthmore, Juniata over Westminster, Allegheny over Thiel, Hirsh over Grove City, C. W. Post over Kings, John Carroll over W. & J.

SLIPPERY ROCK IN TITLE RACE

SLIPPERY ROCK, Pa. (AP) — No one is more surprised than coach Chuck Godlasky to find defending champion Slippery Rock in the Pennsylvania State College football conference title game this season.

In other games, Altoona over Williamsport, Berwick over Milton, Danville over Coal Twp., Lebanon over Reading, York over Lancaster, Allentown over Pottsville, Carlisle over Mechanicsburg, Philadelphia over M. & T., West Catholic over St. Thomas More, Marple Newtown over Norristown, Phoenixville over Coatesville, Spring-Ford over Pottstown, Bethlehem over West Scranton, Allentown Dieruff over Philipburg, N. J., Easton over Jefferson of Brooklyn, New York, and Scranton over Jefferson of Brooklyn.

CARLISLE FAVORED

Tunkhannock over West Pittston — The Tigers with a 9-0 record must win this one and next week's game to stay in southern division scramble.

Plymouth - Whittemore over Penncrest — The Colonials are still unbeaten in quest of a foot-ball title to go along side of their state basketball championship.

IN OTHER GAMES

In other games, Altoona over Williamsport, Berwick over Milton, Danville over Coal Twp., Lebanon over Reading, York over Lancaster, Allentown over Pottsville, Carlisle over Mechanicsburg, Philadelphia over M. & T., West Catholic over St. Thomas More, Marple Newtown over Norristown, Phoenixville over Coatesville, Spring-Ford over Pottstown, Bethlehem over West Scranton, Allentown Dieruff over Philipburg, N. J., Easton over Jefferson of Brooklyn, New York, and Scranton over Jefferson of Brooklyn.

LA LEADS DIVISION

The victory left Los Angeles atop the Western Division of the NBA, a half-game ahead of the St. Louis Hawks, who scored 19 straight points in the second half Thursday night to beat the Bullets.

West scored 10 of his 31 points in the final quarter, eight in the last 15 minutes after Baltimore pulled to within 106-105, as the Lakers won 123-115 to snap a two-game losing streak.

Baylor, limping because of two injured knees, still managed to score 20 points while playing just over half the game. It was the first meeting of the season between the two National Basketball Association clubs, who have been involved in trade rumors during the past two weeks.

DEAN CARL TO SEEK 4TH WIN

NEW YORK (AP) — Dean Carl, the bargain horse of 1963, goes after his fourth major victory Saturday as the favorite in the 1 1/2 miles of the \$75,000-added Gallant Fox Handicap at Aqueduct.

The 3-year-old son of County Delight, claimed for \$10,000 early in his juvenile campaign, picks up top weight of 124 pounds and will face 13 or 14 rivals. He is owned and trained by Paul Bongarzone, New Jersey trailer camp operator.

Nehru Observes His 74th Birthday; Ponders Future

By HENRY S. BRADSHAW

Associated Press Staff Writer
As he marked his 74th birthday Thursday in waning health, Jawaharlal Nehru showed signs of increasing frustration with India's difficulties.

He has been thinking out loud of resigning the prime minister's job and trying to influence India indirectly the way Mohandas K. Gandhi tried to do.

Some believe Nehru's remarks are intended primarily to shock his lagging followers into reform. But the possibility remains that he might quit.

Several of Nehru's recent comments have indicated frustration over factionalism and corruption in his Congress party, over the disappointing pace of economic development and over the hostile deadlocks with neighboring China and Pakistan.

IN POOR HEALTH

These problems are causing some Indians, including those not traditionally critical of Nehru, to say he is sinking into failure despite all he has done as a leader of India's independence struggle and as its only prime minister in 16 years of stand ineffectively aside.

freedom.

Nehru's poor health and his talk of leaving the government have encouraged rumors that he is seeking to make his only child, Mrs. Indira Gandhi, the prime minister and to direct the government through her.

As Nehru's health wanes, the possibility also grows of a shadow government rather than clear-cut removal of Nehru and succession through normal party machinations.

Nehru looks to be in failing health despite official assertions to the contrary. But he continues to push himself as he has been for almost 30 years.

Nehru is generally given credit for building a free United India out of an area that has 14 major languages and now is inhabited by 462 million persons.

But newspapers and conversations in India concentrate on the things that have eluded Nehru: peace with India's neighbors; a check on population increase, and a sound system of political choices instead of a massive Congress party torn by in-fighting while other parties stand ineffectively aside.

A Lovelier You

By MARY SUE MILLER

MAKE-UP MAGIC. When a lovely has a large evening in view, small facial flaws somehow take on enormous proportions. And that's where cosmetics

work like magic. Some of the meanest problems are vanquished by the simplest ruses. Try the following, according to your need, and see:

- If you wish to minimize fine lines, apply a smooth film of powder base. Then lie down, and don't move a muscle for 10 minutes. The gambit does more than refresh your bones. Relaxed and still, the surface of the skin is filled out—plumped by the base—and that action causes a temporary softening of tiny lines. For a lasting finish, apply a sparing second coat upon arising.

- To achieve a pearly glow, use a pearly shade of loose powder. Choose the palest possible pink for a pale skin; pastel mauve for a dark or sallow skin; a greenish shade for florid skin. Those colors enhance both the tone and luminescence of the complexion.

- For more luxurious eyelashes, apply one of the new brush-on lash builders. The result is greater length and thickness. Flutter!

- Via a new powder, the havenots now can brush on a brow. This cosmetic fills in scanty strands and deepens faded ones with the desirable soft effect.

- A less than beguiling lip-line responds to two complementary shades of lipstick—light and medium, such as rose pink and rose red. Outline the mouth in the darker shade, correcting contours as you go, and fill in with the lighter color. Voila, perfection!

TOKYO (AP)—Japanese rail way officials, still under fire from a triple train wreck last weekend that killed 162 persons, were appalled Thursday at the discovery of obstructions on Japan's busiest rail line.

Officials said 35 melon-size stones and two steel drums were placed on rails of the main trunk line in Numazu, 120 miles west of Tokyo.

A freight train motorman saw the objects ahead of his speeding train and stopped in time.

PRIME TIME FOR TV GETS BEST SHOWS

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — The television networks would like it if more people would stay up later. The viewers would like it if the networks would televise more popular shows earlier in the evening.

This is a real impasse but neither can do much about it.

The networks, with a raft of 60- and 90-minute programs, count the hours between 7:30 and 11 p.m. as "prime time." But some of it is more prime than others. Television watching rises to a peak between 9 and 10 p.m., then drops off sharply. A lot of us go to bed.

The latest Nielsen list of the 10 most popular programs contains only one that is seen by most of the country after 10 p.m.

OTHERS BUNCHES

The rest are bunched between 8 and 10. Yearround Nielsen studies indicate that between 9 and 10, about 60 per cent of the nation's television homes have their sets on. This drops to about 50 per cent during the next hour.

Other Nielsen studies, incidentally, show that from November through April the average set is in use five hours and 41 minutes a day. From May through October, the total is four hours and 29 minutes.

That television Relay satellite permitting two-way communications between the United States and Europe is being slightly uncooperative, so NBC will broadcast "Museums Without Walls" twice Sunday.

The program, showing the great treasure of Paris' Louvre and Washington's National Gallery of Art, will be seen live at 12:30 p.m. (EST). A repeat show, on tape, will pre-empt "Meet the Press" at 6 p.m.

WEEKEND HIGHLIGHTS
CBS finally learned — after more than two months during which he was missing — that Dick Martin is no longer a part of his "Lucy Show." Last season the comedian played an eligible bachelor neighbor. But his name was removed officially Fischer quint.

DEATHS

BALTIMORE, Md. (AP) — Charles R. Hook, 83, one-time president and chairman of the National Association of Manufacturers and internationally known industrialist, died Thursday.

LONDON (AP) — Dr. Margaret Murray, 100, noted Egyptologist and an authority of witchcraft, died Wednesday.

SAN FRANCISCO (AP) — Dr. Wladyslaw Sokolowski, 71, former consul general of Poland in San Francisco, died Tuesday.

This is a real impasse but neither can do much about it.

She Can Take It And Dish It Out

COLORADO SPRINGS, Colo. (AP) — Mrs. Francis Annie Apodaca was accused of shoplifting Thursday and she admitted picking up some merchandise.

When police arrived, they found her hurling cosmetics at the drugstore manager, Jack H. Smith.

Mrs. Apodaca, 42, was charged with shoplifting and riotous conduct.

Double Bath Is Offered For \$700

LONDON (AP) — To the joys of the double bed, a British manufacturer today added the double bath.

It comes in side-by-side or toe-to-toe versions and is called the Forum bath. It costs \$700.

A salesman at the London Building Exhibition said four have been sold.

Woman Enrolls For Ministry

COLUMBUS, Ohio (AP) — A 21-year-old Toledo girl is the first fulltime woman student ever to be enrolled in the Evangelical Lutheran Theological Seminary of Capital University, officials say.

Because the Lutheran Church in America will not ordain women as ministers, Margaret Clark — the only fulltime coed among 151 male classmates — will graduate in three years instead of four. She hopes eventually to earn her Ph.D. and go into pastoral counseling or teaching.

RUSSELL FIGHT HAS NO EFFECT ON HALLECK

By WILLIAM F. ARBOGAST
Associated Press Staff Writer

WASHINGTON (AP)—A leading Southern senator's recent blast at House Republican Leader Charles A. Halleck isn't likely to have a lasting effect on the unofficial House coalition of Republicans and conservative Democrats.

When Sen. Richard B. Russell, D-Ga., assailed Halleck for publicly supporting the Kennedy administration's modified civil rights bill, it came as no great surprise.

While Halleck himself couldn't comment, close associates said he discounted it as a political speech designed to strengthen Russell's position in Georgia. The speech was made in Dublin, Ga.

OPPOSES CIVIL RIGHTS

Russell for years has headed the anticivil rights forces in the Senate, while Halleck has played a leading pro-civil rights role in the House.

The Indiana has teamed in the House with Howard W. Smith, D-Va., chairman of the House Rules Committee, many times to block or slow economic legislation proposed by Democratic administrations.

But Smith's Southern contingent never has received and never has expected the support of Halleck's forces when civil rights legislation was involved.

In the 1957 House civil rights fight, which the Southerners lost, 168 Republicans joined with 118 Democrats on the winning side. Only 19 Republicans lined up with the opposition.

GOP SUPPORT

Three years later, when another civil rights bill was passed, 13 Republicans supported the legislation and only 15 opposed it.

The fact that the Republicans deserted Southern Democrats on civil rights legislation in 1957 and 1960 did not have any apparent effect on the conservative coalition's unity on other matters.

In fact, the coalition grew so potent that the House enlarged Smith's Rules Committee in 1961 in an attempt to break the conservatives' domination of that committee. But somehow some of President Kennedy's major domestic proposals haven't come to a vote in the House, mainly because of leadership fears that the coalition would slap them down.

Halleck's support of the 1963 civil rights bill has been viewed by many as a political master stroke. As House leader of the party of Abraham Lincoln, Halleck hardly could have opposed the legislation.

Rookie Max Alvis of the Cleveland Indians led the team in home runs in 1963 with 22. He also led them in runs batted in with 67.

VIRUS EVADES FLU VACCINES

KANSAS CITY (AP)—Flu shots widely used in the past few years apparently have done little good, several doctors told the American Public Health Association Wednesday.

Dr. Alexander Langmuir of

the communicable disease center in Atlanta said a better vaccine is needed before general use could be justified in cost to the public.

He and other experts said the virus causing flu is unpredictable and easily altered. In effect, it stays slightly ahead of the vaccine makers. The least change in the virus means the vaccine won't work well.

Surgeon General Luther L. Terry added the Public Health Service still recommends the shots for older people and those with chronic illness. These, he said, are the ones hardest hit by outbreaks such as the one last year which was responsible for 50,000 more deaths than originally predicted.

LONDON (AP)—One of Britain's most popular television programs, which pokes fun at politicians, will be discontinued after Dec. 28 because of the general election next year.

The British Broadcasting Corp. gave no indication Wednesday whether the program "That Was the Week That Was" would be revived after the elections.

The BBA, an independent corporation chartered by the government, said it took the decision on its own.

Newspapers call for conservation of natural resources, keep tab on members of Parliament and legislation, and take readers to the heart of a news story in the making.

U.S.-SOVIET RELATIONS IN "DEEP FREEZE"

By ENDRE MARTON
Associated Press Staff Writer
WASHINGTON (AP) — U.S.-Soviet relations are in a deep freeze and will stay there unless Russia frees Frederick C. Barghoorn, the Yale scholar arrested on espionage charges.

President Kennedy expressed the administration view at his news conference Thursday when he said the arrest of the professor, 52, has "badly damaged" the atmosphere between the two countries and declared:

"I want to get Professor Barghoorn out of prison."

NEW LOW POINT

In the view here, the Yale political scientist's arrest marks the low point so far in a gradual deterioration of U.S.-Soviet relations since the agreement reached in Moscow on the limited nuclear test ban treaty.

This once-heralded "Moscow spirit," officials said, is fading as swiftly as the "spirit of Camp David" in 1959—the brief period of relaxed tensions following Soviet Premier Khrushchev's meeting with President Dwight D. Eisenhower.

The Barghoorn case is one of several signs that Moscow is getting impatient because the test ban pact failed to bring the results for which the Russians evidently hoped.

OTHER INCIDENTS

Other major incidents were the Russian blocking of Allied convoys on the road to Berlin, Khrushchev's belligerent remarks and recent anti-American articles in Moscow's government-controlled press.

After the test ban pact Moscow was hoping for sweeping changes in U.S. foreign policy, including abandonment of plans to create a nuclear force for the Atlantic Alliance.

There was some hope expressed by officials that the Kremlin might, in the President's words, recognize the impact of Barghoorn's arrest and release him.

TRADE BAITS

This speculation is based on the theory that the professor was picked up so the Soviet Union would have an American to trade for Igor A. Ivanov, Russian trading corporation employee arrested Oct. 29 in New Jersey and awaiting trial on espionage charges.

One official reaction was cancellation of a U.S. delegation's planned departure for Moscow to open negotiations Tuesday on

Youngsters Know About Hymenoptera

SEATTLE (AP) — A hymenoptera, two lovely lepidoptera and a house are attending a new class at Pinehurst Elementary School.

The class is an after-school science course for youngsters fascinated by bugs and insects that creep, crawl or fly. It is the first such class in Seattle schools and is taught by parents.

A lepidoptera is a butterfly. What's a hymenoptera?

"Heavens," said Cheryl Gates, 10, "everybody knows it's a hornet."

HIJACKER MAY APPEAR AT U.N.

UNITED NATIONS, N.Y. (AP) — The United Nations' Trusteeship Committee has voted to invite Portuguese Capt. Henrique Galvao to testify before the group despite the possibility he may be arrested for hijacking the liner Santa Maria in 1961.

The United States warned again Thursday that Galvao, living in exile in Brazil, may be arrested if Portugal requests it. Portugal, which has been after Galvao since he hijacked the Portuguese liner in South America, has an extradition treaty with the United States.

U.S. Delegate Sidney R. Yates told the committee that provisions in the agreement between the United States and the U.N. for immunity outside U.N. headquarters apply only to diplomats assigned to U.N. missions. But he announced the United States would discuss with the United Nations the question of immunity for persons invited to the U.N. on official business.

Bonn Accepts Yank Curtail Of Troops

BONN, Germany (AP) — The West German government agreed to the reduction in U.S. tactical air transport squadrons based in Europe, officials said today.

The Pentagon announced Thursday the number of such squadrons will be cut 40 per cent by next July.

Foreign and Defense Ministry officials reported that the United States obtained West Germany's agreement before reaching this decision.

A Defense Ministry spokesman said the Bonn government does not believe the reduction will weaken U.S. ability to defend Europe.

HARRAL LAUDS GOOD ROADS EFFORT IN PA.

By HARRY W. BALL
Associated Press Staff Writer

BEDFORD, Pa. (AP) — Pennsylvania highway secretary Henry D. Harral, winding up a whirlwind tour of the proposed Appalachian Thruway, told an audience of good roads boosters here Thursday night they should feel "very proud" of their efforts.

Harral made the remarks at a dinner, marking the end of a 165 mile inspection tour of the proposed route between Williamsport, Pa., and Cumberland, Md.

Earlier, the secretary disclosed that the proposed route is one of the Pennsylvania segments contained in a 10-state highway network of 2,150 miles, recommended by the President's Appalachian Regional Commission, a national study group.

"NATURAL CORRIDOR"

Harral frequently referred to the route—now route 220—as a "corridor."

"This is a natural corridor that needs to be treated as a whole," he said at one point.

Another speaker was U.S. Rep. J. Irving Whalley, R-Pa., whose district embraces much of the five county area through which the proposed thruway would run.

Whalley guaranteed all the help he could give in promoting the Appalachian superhighway.

OTHER SPEAKERS

Other speakers included Pennsylvania State Sen. George Wade, chairman of the Senate Highways Committee; Jack Grey, deputy secretary of the state Agriculture Department; Francis A. Pitkin, executive director of the state planning board; Lawrence Aresko, regional representative of the state Commerce Department; and Charles C. Grice, assistant attorney general of Maryland, representing Gov. J. Millard Tawes.

During the tour Harral raised the possibility of federal help in financing the proposed thruway. He also gave an off-the-cuff estimate that seven years might be required for actual realization of the road. Estimates of the cost ranged from \$800,000 to \$1 million per mile.

Harral told a luncheon assembly at Altoona, one of the stops of the motorcade, that the president's commission has given a new dimension to the project and some unexpected financing might be possible in the future," he said.

NEW SET OF RECORDS MADE BY G. BORK

NEW YORK (AP) — George Bork of Northern Illinois completed his regular season college football career by breaking every single season and career passing record in the books, the latest college division statistics compiled by the NCAA Service Bureau showed today.

By completing 43 of 68 passes in his final game against Central Michigan last Saturday, Bork wound up with 374 attempts, 244 completions, 3,077 yards and 32 touchdowns this season, all highwater marks in college football. His .652 completion percentage was the same he finished the regular season with last year. Northern Illinois has a postseason game on tap in the Mineral Bowl Nov. 30. No opponent has been named.

RUNNER-UP SPOT

Ron Meyer, a South Dakota State sophomore, also compiled an outstanding record although he threw only 88 aerials during the season and finished with 1,600 yards and 108 touchdowns.

Advertising is the sparkplug of our economy. It helps make mass distribution possible; that in turn calls for mass production. Mass production and mass distribution give most of us jobs and generate the prosperity upon which all of us depend.

Bork is the over-all leader in total offense with 2,945 yards followed by Bruce Upstill of the College of Emporia, Kan. with 2,161 and Chuck Green of Wittenberg, 1,996.

Jim Holder of Panhandle A&M is tops in rushing with 1,431 yards while Hugh Rohrschneider of Northern Illinois is No. 1 in pass receiving with 75 catches for 1,036 yards. Jack Anker of Ripon leads in scoring with 145 points in 18 touchdowns 28 points-after-touchdown and 9 field goals. Steve Bailey of Kentucky State leads punting with a 46.6 yard average.

College of Emporia is the team in total offense with a 510.0 yards a game average and in scoring with a 41.8 points average.

Luther College of Iowa is first in rushing offense with 356 yards a game average. Bethune-Cookman of Florida is the leader in total defense with an average of 79.8 yards. Kentucky State holds first place in punting with 45.9.

YANKS OFFEND NATIVES WITH NAME PLATES

ANKARA (AP) — Americans have stirred a tempest in a Turkish coffee cup in this Western-oriented land by publicly displaying their names translated into Arabic script.

"Ugly Americans," "insolence," "bad manners," cried the Turkish press.

The culprits also were denounced in Parliament and investigated by group called the Turkish Revolutionary Association.

What's all the fuss?

Arabic writings and signs have been banned by law for more than 30 years after the great Turkish hero and reformer, the late Kemal Ataturk, westernized Turkish with a Latin alphabet.

But to several enterprising Ankara brassware dealers the ban meant very little. They are — or were — doing brisk business engraving nameplates for foreigners, primarily American servicemen and businessmen. The nameplates are affixed to front doors and carry the tenant's name both in English and the Arabic equivalent.

The dealers told the Americans, most of whom were unaware of the ban or the deep feelings of the Turks:

"These signs will help people find you a lot easier."

Americans also were unaware that few modern Turks can read Arabic.

An Istanbul newspaper discovered the numerous Arabic nameplates and the hunt was on.

"We are friendly toward the United States and her people," said one editorial writer. "But not with the savages who come to the civilized world from the deserts of Arizona and Colorado."

He apparently referred to the home states of several unnamed offenders.

The politicians, seeing a good campaign issue, took up the cry.

Troopers of the 2nd Armored Division, taking part in Operation Big Lift, board C-135 plane at Rhein-Main airbase at Frankfurt, Germany, in first stage of return to Texas base. Airlift to Europe began last October 22 and lasted only 63 hours and 20 minutes. Redeployment will take 10 days. They were rushed over in a demonstration of U.S. ability to ferry large numbers of men to overseas trouble spots quickly. (AP Wirephoto)

All major political parties criticized the Americans and one suggest either shape up or ship out.

Stunned by the onslaught, the Americans quickly retreated, removing the nameplates or covering the Arabic.

One serviceman told a newspaper that he understood the Turks' feeling on the matter, but wondered why the dealers who sold them the signs were not equally sensitive.

Another serviceman, Air Force M/Sgt. Charles Creighton, who told newsmen he was from "Little Egypt, New Jersey" (not Colorado or Arizona), had the last words before he removed his offending nameplate. Sandwiched between his name in English and Arabic were these words in Turkish:

"The dog barks, but the caravan moves on."

A scattering of snow flurries dusted parts of the Northeast.

EARLY FREEZE HITS FLORIDA

By THE ASSOCIATED PRESS

A sharp chill crept deep into the Southland today, squeezing temperatures below the freezing mark as far south as central Florida.

The mercury settled to a record low for the date—23 degrees at Tallahassee and Cross City, in northern Florida. And it was 35 at Tampa, in the state's central section, also a record low.

The large dome of clear, cold weather extended across most of the nation east of the Mississippi Valley. Early morning lows over the Plains were 10 to 15 degrees warmer than Thursday.

Smay posted \$1,000 bond on each of the two charges at the hearing before Alderman Harry B. Ashburn of Altoona, Blair County Dist. Atty. Frank B. Warfel represented the state.

Smay was arrested last Oct.

29 on charges of using city property for private gain and also malfeasance, misfeasance and nonfeasance in office.

Part of Smay's council duties was to head the city's department of water, parks and public property.

Smay was accused of using

city equipment and water de-

partment labor at his cottage in nearby Frankstown Twp.

Business uses advertising to maintain and increase its outlets for goods. Unless such outlets are maintained and increased, the income on which taxes are based will not be forthcoming.

Burlington, Vt., was blanketed with a two-inch snowfall during the night.

The unseasonal chill in the Southeast pushed the temperature down to 56 degrees, a record for the date, at Key West, Fla. Other record lows for the date included Augusta, Ga., 23, and Columbia, S.C., 26. Atlanta registered 25 degrees and Jacksonville, Fla., 31.

Light rain dampened sections of the Far West and the Northwest.

Councilman Held For Grand Jury

ALTOONA, Pa. (AP)—Altoona City Councilman Robert E. Smay was ordered held for a grand jury action Thursday night on state charges of misusing city property.

James MARLOW Reports

WASHINGTON (AP) — President Kennedy hardly had the words out of his mouth when there was more trouble, this time of a kind which may in time be a disaster for the United States.

In his first State of the Union message to Congress almost three years ago Kennedy, after listing the problems ahead at home, said "all these pale when placed beside those which confront us around the world. . . .

"Each day the crises multiply. Each day their solution grows more difficult."

LISTS TROUBLE SPOTS

He cited trouble spots in Asia, Africa, Latin America. And as the years passed the troubles multiplied and waned while fresh ones developed.

Last Friday talking to the Protestant Council in New York, he said the family of man should be at peace with one another. But he said:

"They are not. Within the last month the world has witnessed active or threatened hostilities in a dozen or more disputes independent of the struggle between communism and free choice — disputes between Africans and Europeans in Angola, between North African neighbors in the Maghreb, between two Arab states over Yemen, between India and Pakistan, between Indonesia and Malaysia, Cambodia and Viet Nam, Ethiopia and Somalia and a long list of others."

IRAQI REVOLTS

He might have mentioned that just one week before, the generals in South Viet Nam threw out President Diem and his brother, both of whom were killed. But last Friday he couldn't have known what was to happen Wednesday.

Early in the day the Iraqi government had to smash a revolution and later in the day came the news of grave consequence to the United States that Cambodia may turn its back on the United States.

Worse, still, it may throw in its lot with Red China. Cambodia, in the southeastern tip of Asia, lies partly against Thailand, partly against South Viet Nam.

It has 6 million people living under the guidance of Prince Norodom Sihanouk, 43, who renounced the Cambodian throne to be the political leader of the Cambodians.

COSTLY ADVENTURE

He has been a self-proclaimed neutral between the forces of the West and communism, but accepted help from both sides. For instance: guns and fighter planes from Russia, more than \$366 million worth of military and economic help from the

United States.

This could be interpreted as trying to play both ends against the middle, not taking sides until he saw which way the cat was going to jump.

For the United States, holding South Viet Nam has been a prolonged and costly adventure, with more than \$4 billion in aid going to Viet Nam where more than 100 Americans have lost their lives in the war against the Communist guerrillas of North Viet Nam.

MUCH AT STAKE

If Viet Nam was lost to communism, it's a safe bet all Southeast Asia would be in trouble. Last September Prince Sihanouk said he was convinced the Communists already have won the battle for South Viet Nam.

And he said he felt his own neutral country eventually would fall to communism. Last August Sihanouk cut Cambodia's ties with Viet Nam because of the crackdown on the Buddhists by the then President Diem.

And he has complained that Cambodian exiles — his enemies — were in Viet Nam making broadcasts against him with transmitters which, he said, were supported in part by U.S. assistance.

WORSE NEWS FOLLOWS

Wednesday he sent out the word Cambodia would cut its ties with the United States, too, and after Jan. 1, 1964, refuse any more American aid, and abandon its neutrality unless the anti-Sihanouk broadcasts were stopped.

The State Department was upset. Worse news was to come. Later Wednesday Red China said Sihanouk had sent word to Peking, pledging close friendship and cooperation.

If the Red Chinese, with Sihanouk's blessing, move into Cambodia the very thing this country tried most to prevent — Red China's direct influence in Southeast Asia — would have come about.

This is still a murky situation. Sihanouk may not take the final step of fully abandoning his neutrality and throwing open the Cambodian doors to Red China.

But the way he's playing the game it's like sticking his hand into the tiger's mouth to stroke his tongue.

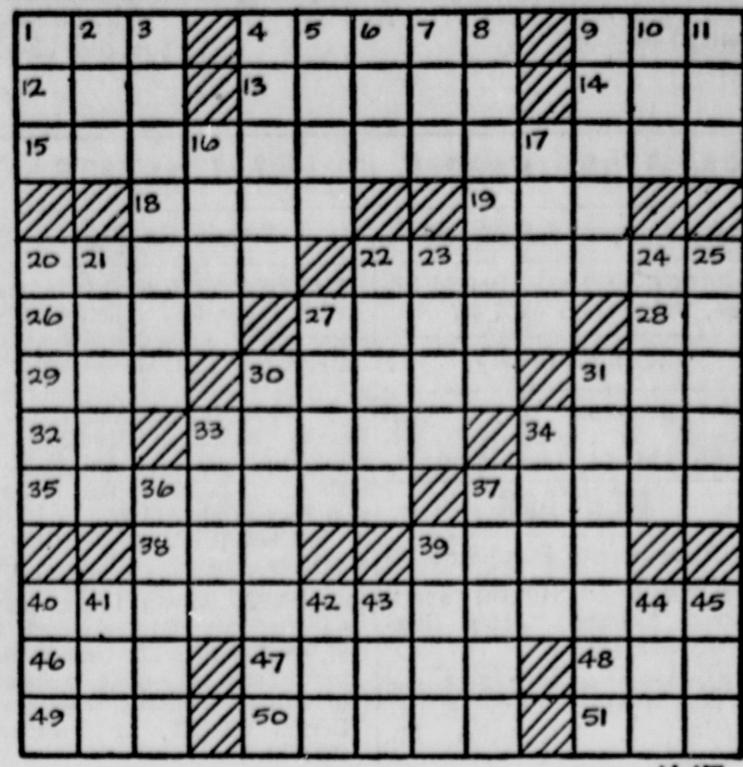

LEGISLATORS KILL ROMNEY'S TAX REQUESTS

LANSING, Mich. (AP) — The Republican-controlled Michigan Legislature Thursday killed Gov. George Romney's major objective in office — reformation of the state's tax structure.

Members of his own party and Democrats in a test vote, ruled 47-44, against the plan. Romney said he won't try to pass a fiscal reform plan in 1964.

It was the first major setback

Today In Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP) — In the news from Washington:

JUNK MAIL: The House has apparently won a round in its fight with the Senate over junk mail.

The House passed Wednesday and sent back to the Senate — for expected approval — a compromise measure to appropriate \$168.3 million to finance Congress and other Capitol Hill agencies for the year ending June 30.

The bill had been hung up since last June because the Senate refused to accept a provision permitting House members to send mail addressed simply to "occupant."

The House felt the Senate was overstepping itself in rejecting the provision.

The compromise would allow representatives to use their free-mail privilege to send the mail but would not give the right to the Senate, which didn't want it anyway.

VIET NAM AID: Full economic aid to South Viet Nam will not begin flowing again until after further talks with the new Saigon government, a State Department official said Wednesday.

Parts of the program have been approved, he said. But other phases of the surplus-commodity program will require renegotiation of contracts.

Economic aid had been throttled down in a U.S. effort to force the old Diem regime to ease repressions against Buddhists.

The aid program had been running in excess of \$500 million a year.

SPACE MONEY: The Senate Appropriations Committee has approved \$5.19 billion for the nation's space program with a proviso none of the money is used for joint U.S.-Russia moon venture without Congress' approval.

The appropriation was included in a \$13.4-billion bill providing funds for 24 government agencies.

BLACK WATCH: To the skirt of bagpipes, a detachment of Britain's plaid-kilted Black Watch regiment paraded on the White House lawn Wednesday for the First Family and 1700 underprivileged Washington children.
